

Curriculum Vitae

Name	Byong Jo Hyon
Nationality	South Korea
Place of Birth	Daegu, Korea
Date of Birth	14/11/1984
Work Address	Power System Research Center Korea Electronics Technology Institute Tel(+82)32-621-2864
E-mail	bjhyon@keti.re.kr

Education & Research Experience

- 2014-today, Principal research engineer in Korea Electronics Technology Institute (KETI), Korea
- 2010-2012, M.S in electrical engineering, Pohang University of Science and Technology, Korea
- 2003-2010, B.S in electrical engineering, Pohang University of Science and Technology, Korea.

Research interests

- AC motor drive in industrial applications, electric vehicles and electric propulsion aircraft
- Wind power generation system, marine wave power conversion system
- LVDC distribution system
